## Truck Data Display

The image shows a web browser window with the address bar displaying 'localhost:8080/fetchtrx?'. The browser's tab bar includes several open tabs such as 'Apps', 'eng pattch', 'Instagram 3.0.0', 'HACKERANK', '101 Newcomers Playlist...', 'Programming In Ja...', 'Master the basics o...', 'Codeforces', 'Programming Com...', 'Traversy Media - Yo...', 'New Tab', 'Android - Google D...', and 'FitGirl Repacks | Th...'. The main content area displays a table with five columns: 'Id', 'Reg.No', 'departed from', 'Arrival at', and 'driver'. The table contains nine rows of data, each representing a truck's journey from Indore to various destinations like Massori, Bhopal, Rorki, raipur, varoda, Varoda, Pune, Kakarot, and Agra, with corresponding driver names.
